Est. 1999

## Membership Application

The **American Brabant Association's mission** is to create the American Brabant breed based on the type and temperament of the pre-WWI Belgian work horse and to preserve, protect and promote the American Brabant.

To Preserve and Protect - by providing a clearinghouse of breeder information, available horses and provide a network for interested people to learn about the American Brabant breed.

To Promote – by showcasing the abilities, attributes, and beauty of the American Brabant breed.

To establish, maintain and publish a registry for recording pedigrees of these horses.

To improve the health, soundness, and usefulness of the American Brabant breed as a working horse.

**Just to clarify:** The task of the ABA is not to promote or reproduce the European Belgian or the American Belgian as there are already long-established organizations that fill that need. The ABA considers the American Brabant its own breed of horse and that is its focus.
